Ma(i)sonry Opens Aug. 20 In Yountville, Calif.

If you've landed in Napa Valley this summer--whether for a day-long outing or a week-long holiday--make sure to stop by Ma(i)sonry, an antique boutique and art gallery helmed by Blackbird Vineyards proprietor Michael Polenske, opening August 20 in Yountville, Calif. The manor, originally built in 1904 as a private residence, will feature one-of-a-kind antiques and art ranging from the 16th century through today. Of course, artisan wines from nearby Blackbird Vineyards will be on offer, as will other local wines chosen by the staff.
